Role	Name

At Brownover Community School we aim to:

- Provide an environment that will respect individuality, encouraging all children and staff to achieve their full potential, whilst developing a desire for lifelong learning.
- Promote and provide a healthy and active life style.
- Provide a positive, disciplined environment that is safe, secure, welcoming and fun.
- Build trust through good communication and a shared responsibility for learning between home and school.
- Continue to develop positive links with the local and wider community.

From the very first day that our learners join us, all children at Brownover travel together on a super learning journey. Our core values are built into all that we do and give the children the skills and values they need to develop into citizens of the future.

Our School Values:

Respect is when you listen to each other and care about how people feel, and understand their beliefs.

Perseverance means you keep on trying and never give up.

Honesty means you never tell fibs, you always tell the truth.

Kindness means being helpful and friendly towards each other.

Politeness is always remembering your manners and saying please and thank you.

Independence is when you can work by yourself.

We at Brownover Community School, will act as role models, to encourage all children to live by these values so that they can be:

1. happy, independent learners.
2. co-operative, kind and caring.

3. respect and value each other's individuality.
4. work hard and be proud of our achievements.
5. be genuine, open and honest.

School Motto

Our School motto underpins our values, aims and learning ethos, and identifies how we can all work together to support every part of the learning journey.

Learning is best at Brownsover Community School when...

We can share

We all share responsibility for our learning.

We aim high

We are encouraged to believe that we can do it and we can keep getting better at it.

We are valued

We know that everyone's thoughts and ideas are important.

We are independent

We know how to take our learning forward without always having to ask.

We are supported

We know that adults at home and at school help us to improve.

We collaborate

We work hard together and know that talking and listening are equally important.
